

Quilters'

CARLOAD

Retreat

WEEKENDS

Patchwork Garden is located in rural northeast Pennsylvania – far from the hustle and bustle of metropolitan life. The facility can accommodate a carload of quilters at a time (up to 4) for three-day weekend private retreats in our quilting studio.

Quilters will stay in the sleeping loft, have use of the kitchen and screened-in porch for meals and relaxing, and share a bathroom. Linens provided.

Guests are welcome to use the sewing and cutting tables, professional-size light table for tracing designs, iron & ironing board, many quilting books and magazines, TV and DVD player, CD player for music if desired.

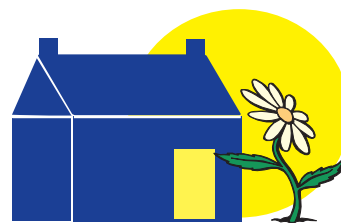

\$150/pp Rate includes:

- Two nights/three days stay
arrive after 11 am Friday, depart by 6 pm Sunday
- Kitchen facilities & outdoor grill to prepare your meals (visit nearby restaurant or prepare your own and eat in – kitchen equipped with stove, microwave and refrigerator for your use)
- Each guest will receive one-on-one, hands-on instruction and quilting time on a longarm machine in our studio

(Returning guests may spend time quilting on the longarm, provided that instruction was completed during previous visit)

- Bring your sewing machine and use our tables and other equipment to finish a project, or start a new one
- No pets, please
We have plenty of wildlife and raise farm animals that you can see and enjoy, but no pets are allowed in the studio or on the premises, for the comfort and safety of other guests

Spend a long weekend with us – learn to do your own longarm quilting on our machines!
